# Ethical Dilemma

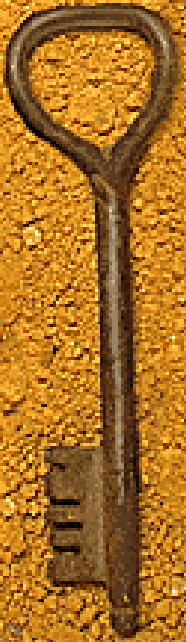

- Jarvis plays the trumpet in the high school band and this year they have been invited to play in the Macy's Thanksgiving Day Parade. It is a great honor to be selected and the whole band is excited about going. They must raise the funds to pay for travel, food and lodging in order to go. So far, they have gotten about half of what they need and time is running out. They need a big sponsor right away in order to accept Macy's invitation.
- Jasmine, who plays the clarinet in the band, is excited when she gets a phone call from a local Pizza restaurant. They offer to sponsor the band and give them the money they need if they are allowed to have their logo put on the signage next to the school's name in the parade. She calls Jarvis to tell him the news. Jarvis points out that recently, the Pizza restaurant had been fined and cited for dumping used frying oil in the river that runs through the city.

**What should the kids do?**

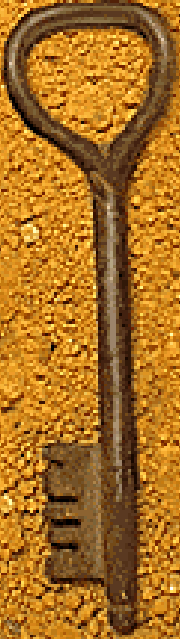

# Ethical Tests

1. Would I want people to do this to me?
2. Is this fair to everybody who might be affected by my actions?
3. Does this represent the whole truth and nothing but the truth?
4. How would my parents/guardian feel if they found out I did this? What advice would they give me if I asked them if I should do it?

# Ethical Tests

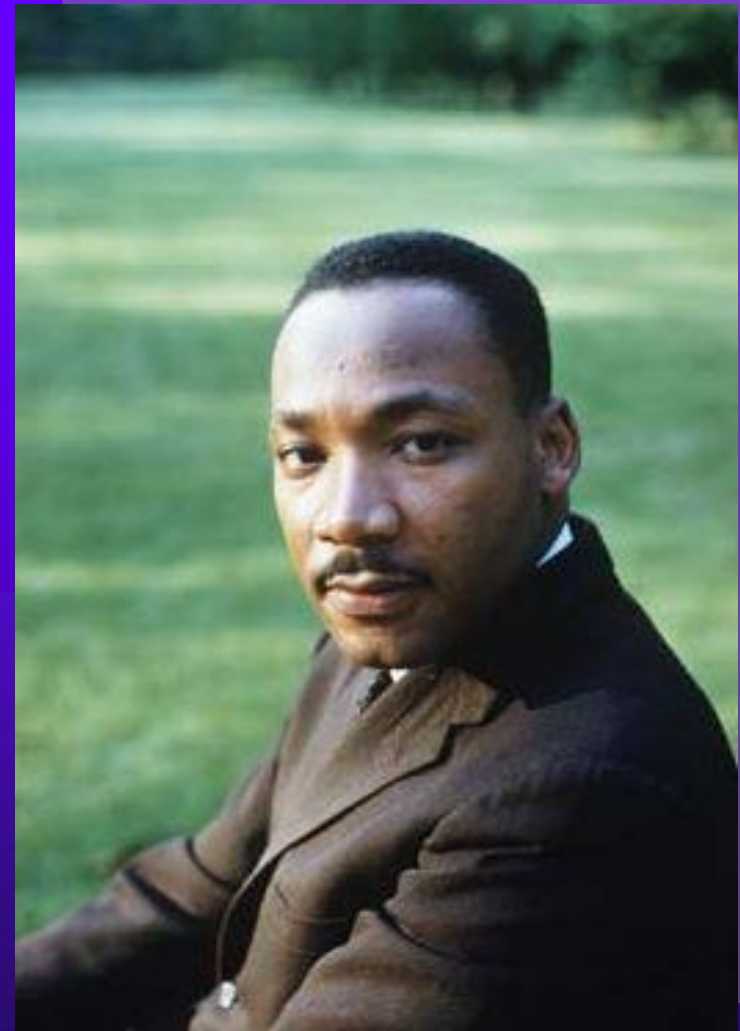

- 
6. If I have religious beliefs, how do they apply to this action?
  7. Will I feel guilty or regretful afterwards?
  8. Might this action have bad consequences?
  9. How would I feel if my actions were reported on the front page of AJC or on the local news?

From Smart and Good High Schools , Thomas Lickona, Ph.D., & Matthew Davidson, Ph.D.
